NEW CANAAN

New Canaan is a vibrant, picturesque town with a welcoming personality. One of the few “walking towns” in Fairfield County, New Canaan has a population of 22,000 and a strong sense of town pride. It is located an hour outside NYC and is easily accessible by train. New Canaan is one of the safest towns in the state and an idyllic place to go to high school.

New Canaan’s charming downtown has a wide variety of restaurants, bakeries, shops, and much more. Best of all, **everything is located just outside of ABC House’s doors.** New Canaan also boasts nature preserves, parks, sports fields galore, churches of all denominations, art centers, ice skating, a 60,000 sq. foot YMCA (all ABC New Canaan scholars have memberships), and a brand new state-of-the-art library. There are endless activities and community-wide festivals, including the famous holiday stroll, block parties, and the annual May Fair Carnival.

For over 50 years, the town of New Canaan has championed the mission of ABC New Canaan and supported its scholars. Our program is funded 100% by the generosity of local residents, volunteers, foundations, businesses, New Canaan High School, and the Board of Education.

ABC HOUSE

ABC House is a warm and supportive place for our scholars to live, learn, grow, and form lifelong friendships. Welcoming and comfortable, ABC House is truly a family **HOME** for our scholars, resident director, and tutors. Our house is in the perfect in-town location, and the high school is just 1.4 miles away, making for a quick bus or bike ride.

A hub of activity and enrichment, ABC House features a great communal space downstairs, a comfortable living room with a TV, video games, and a piano. Our house also offers designated study areas and nightly tutoring where each scholar has his own desk, Apple desktop, and a laptop from school. Our kitchen is fully stocked, and our dining area is bright and spacious. Best of all, our wonderful cook, Margot, prepares dinner for our scholars and resident staff, who eat together, family style, every night.

Upstairs are our scholars' bedrooms, which they decorate as their own, perfect for relaxing and recharging. We also have a 3rd-floor lounge. Our house accommodates up to eight scholars.

"ABC has been like a family to me since I stepped foot in the House. I immediately recognized how welcoming and caring everyone was. I feel nothing but blessed to be a part of such a great and well-developed community. My favorite part about ABC House is that everyone is treated equally and respectfully. The house has such a great atmosphere, with plenty of fun. My four years here have been incredible."

ACADEMIC SUCCESS & COLLEGE ADVISING

Academic success is our primary goal, and we support our scholars every step of the way. All scholars have a dedicated Academic Advisor and two Resident Tutors who track their academic growth daily through the PowerSchool, which documents all academic activity from homework assignments and quizzes to tests and final exam scores. Scholars have mandatory study hall Monday through Thursday night from 7-10 p.m, supervised by our Resident Tutors who provide individualized support to help our scholars succeed in their classes.

As scholars enter their junior year, they receive intensive college access services and map out a two-year plan to gain admission to the college of their dreams. ABC New Canaan covers all costs associated with these services, including:

- › Enrolling scholars in SAT/ACT prep courses through the premier testing organization in the county
- › Engaging an outside expert college advisor to guide our scholars through college application and selection process
- › Assisting our scholars and their families through the financial aid process to secure scholarships and assistance
- › Bringing scholars on college tours and visits during the year

ABC New Canaan boasts a 100% graduation rate. Our scholars have attended prestigious colleges and universities, including Yale, Cornell, Boston College, NYU, Villanova, Georgetown, Denison, Northeastern, Boston University, Colgate, and Tufts.

SOCIAL SUPPORT AND EMOTIONAL WELLNESS

Recognizing the challenges all high school students face, and the additional challenges of being a student of color in a predominately white environment, we provide our scholars a safe environment and essential social and emotional support. A licensed social worker meets weekly with our scholars in a group setting and individually to help them navigate the complexities of adolescence, cope with the pressures of academic and teenage life, make positive choices, and develop a strong sense of self.

EXTRACURRICULAR ACTIVITIES

ABC New Canaan scholars participate in various sports and after-school activities to broaden their horizons, develop leadership, social, and athletic skills, and get involved at school and in the community. **Every day is filled with opportunities for exploration and personal development.** Our staff works with scholars to select these activities and support their participation. Scholars often begin a new sport or extra-curricular activity without prior experience and emerge as enthusiastic and valuable contributors and teammates. From captains of Varsity sports teams and leading men in school plays to saxophone players in the school band and leaders in the local youth group, our scholars have done it all.

We also bring special speakers and host enrichment activities at ABC House—from cooking classes to managing finances.

SUMMER ENRICHMENT PROGRAMS

ABC New Canaan scholars participate in one or two summer enrichment programs to enhance their educational studies, pursue an interest, and maintain momentum between academic years. These programs also allow scholars to explore courses of potential interest in college and careers and provide exposure to a college environment. Our team works with scholars to find dynamic summer opportunities. Recent scholars have participated in a month-long program in Italy, one to three-week courses in STEM, business, medicine, and coding at major universities nationwide, and trained at sports academies.

HOST FAMILIES

A HOME AWAY FROM HOME

Our host families are a cornerstone of our program and essential members of our ABC family. Host families open their homes and hearts to our scholars, giving them **a home away from home** and helping them feel part of the New Canaan community. The boys spend every Sunday afternoon and night with their host families and one full weekend a month. The generous gift of time and care given by our host families is fundamental to the success of our program, and our scholars and their host families form lifelong friendships and bonds.

"The love I feel at ABC House is also felt with my Host Family. They have been wonderfully supportive during my four years and make me feel like I'm a member of their family, a real second son. I love spending weekends and special time with them. I know that we will always be close." — Javier Perez-Soto, ABC New Canaan, Class of 2023, University of Richmond (Host Family: Michele and Kevin Salmini)

"ABC New Canaan positively influenced my life and set me on a path to success. I gained meaningful academic and leadership skills, tried many new activities, and built long-lasting relationships. I'm proud to be an alum and mentor younger scholars in the program."

—Devaun Bovell,
ABC New Canaan scholar, Class of 2013

M.S.Ed, University of Pennsylvania

OUR ALUMNI & LIFE AFTER GRADUATION
